DIRECTORY

FOR YEAR COMMENCING APRIL

1896

CONTAINING

An Alphabetical List of Business Firms and Private Citizens; a Directory of the City and County Officers, Churches, Public and Private Schools, Benevolent, Literary, and other Associations, Banks, Incorporated Institutions, etc

AND A COMPLETE

CLASSIFIED BUSINESS DIRECTORY

A Correct Map and an Improved Street and Avenue Guide of the City

SAN FRANCISCO
COMPILED AND PUBLISHED BY H. S. CROCKER COMPANY
215, 217, 219 BUSH STREET

Entered according to Act of Congress in the year 1896, by
H. S. CROCKER COMPANY,
in the Office of the Librarian of Congress, at Washington, D. C.

INTRODUCTORY.

IN PLACING this, the first volume of the CROCKER-LANGLEY SAN FRANCISCO DIRECTORY, in the hands of its patrons, the publishers do so confident that it will meet the requirements of a large portion of the public, and are satisfied to let it rest on its merits as a work of its class, feeling certain that no more appropriate introduction could be offered than the assurance that nothing has been neglected on their part to secure the utmost thoroughness and accuracy.

Few people realize what a great task a Directory maker undertakes. The work, in its completed form, bears little evidence of the tremendous amount of detail the work requires. There is no class of publication which involves in the production more labor, care and preparation than the collecting, compiling and printing of material for a Directory, yet this fact is, by many, little considered.

This work is as nearly perfect as the most unceasing vigilance can make it. We wish to say it is impossible to produce a Directory of a city of the size of San Francisco which is absolutely correct.

Canvassers meet with almost insurmountable difficulties. Addresses right to-day are wrong to-morrow, on account of removals. Many persons, whose judgment should teach them the folly of such a course, are reluctant and careless in giving information; some refuse to give it entirely, and others give wrong addresses for obvious reasons,—to avoid jury duty, creditors, taxation, etc.

The Street Guide is compiled entirely from reliable and authentic sources, and, owing to the many changes lately made by the Supervisors in the names of small streets, we have deemed it advisable to give both the old and new names of such streets and alleys.

Our Business Directory has been very carefully compiled, and we think we have succeeded in producing one that contains but very few errors, if any at all.

We have carefully compiled and engraved for this Directory the latest and most complete map of San Francisco City and County that has ever been issued. It will be found especially valuable for reference as to the location of Streets, Parks and Public Places. It also contains the Street Car system of this city, one of the most elaborate and exhaustive ones in the United States. A glance at this map will show how well supplied the inhabitants of this city are in the matter of transportation.

Our Directory Library contains Directories of all cities in the United States and Canada, for free use of our patrons. In addition to the benefits which our citizens derive from this valuable library and exchange system, which places the CROCKER-LANGLEY SAN FRANCISCO DIRECTORY in all the Directory Libraries in the country, it serves as an excellent advertisement for a prosperous city; for no other publication can convey such an idea of the city and its growth; its people, with their trades and professions; its schools, churches, banks, railroads, etc., and its various institutions and organizations.

Sincere thanks are tendered those who, by their patronage and support, have materially aided the publishers in their work, and also to those who kindly gave the correct information required for this volume.

In conclusion, the publishers will say that nothing shall be wanting on their part to maintain the high standard already obtained, and they confidently hope to meet with the recognition the work deserves.

Is it not obvious that a Company noted for the magnitude of its business—operating with complete facilities, in separate departments, under capable managements, every modern process of the "Art preservative," and prepared to make, by the methods best adapted to the subject, in any size, style or quality, anything in the line of Stationery, Printing, Lithographing, Bookbinding, Copperplate Engraving— would be more reasonable in price, reliable in quality, and prompt in delivery, than a concern without equal facilities?

We assert that it is, and that, having one of the most extensive plants in the United States, and invariably giving the dollar's worth for the dollar paid, is why we have the largest trade, extending all over the Pacific Coast.

NOTICE TO KEYHOLDERS.

Keys to be used only in case of actual necessity.
If this request is not complied with, the Key will be taken from the holder.
Upon the discovery or positive information of a fire near your Signal Box, pull down the hook once and let go; then wait a few moments, and if you hear no alarm from the large Bells or Whistles, pull down again; if you still hear no alarm, go to the next nearest box and give the alarm from that. If no light shows up, wait at the box and direct the firemen to fire. Never signal for a fire seen at a distance. Be sure your box is locked before leaving it.
Do not give an Alarm for a Burning Chimney. Give an alarm for no cause whatever, except an actual fire. Second, Third and General Alarms will be turned in only by order of the Chief Engineer or his Assistants.

MARINERS' CHURCH, THE. Of San Francisco; was organized by its present Pastor, Rev. J. Rowell, in 1858. It finds its field for usefulness among the seamen and strangers on our water front. It has a good and commodious house of worship on the northeast corner of Sacramento and Drumm streets, erected in 1866. Here, religious meetings are held every day in the week, temperance meetings twice in each month, correspondence maintained with seamen in all parts of the world, a free reading room maintained (the first free reading room in the city), with books and papers in various languages, and writing materials, all free, social entertainments given twice a week, and large quantities of good reading matter supplied to out-bound ships. All vessels in port, and sailors' boarding-houses, are often visited, and all possible effort is made to save seamen from perils and vices, and make them good citizens and Christian men. The church is undenominational, self-governed, and is aided in its work by Christian and philanthropic people of every name.

Parkin, who is also the Presiding Elder of the Northern California District Conference. The church has always clung to the doctrine of one wife for one man. The chief feature of their church is an acceptance of the New Testament form of church organization, as outlined in Ephesians 4th chap., and an aspiration after the spiritual gifts named in I Cor., 12th chap., which they claim God in mercy bestows upon them when He will, not when they will.

STREET AND AVENUE GUIDE

OF THE

CITY AND COUNTY OF SAN FRANCISCO.

COMPILED FROM OFFICIAL SOURCES.

EXPLANATIONS.

According to the method adopted in this city for numbering buildings, Market Street is the starting point for numbers on all streets running from it in a northerly, southerly or westerly direction, and the water front for all streets running therefrom in a westerly or southwesterly direction. The numbers on all streets not commencing at Market Street or the water front run in conformity with the numbers of the main streets running parallel with them, except in the case of a few streets which are numbered in an irregular manner.

On all streets the even numbers are on the right-hand side, and the odd numbers on the left, starting from the point of beginning. One hundred numbers, or as many thereof as are necessary, are allotted to each block bounded by main streets; for instance, Montgomery Street commences at Market, and the main streets crossing as you proceed north are Sutter, Bush, Pine, etc. Therefore any numbers between 1 and 100 will be found on the right or left hand side of the street between Market and Sutter, between 100 and 200 from Sutter to Bush, between 200 and 300 from Bush to Pine.

In the streets which are numbered, a dash (——) indicates that the cross street does not extend to that side; (o), the street borders on the bay, or public park, cemetery, etc., consequently there are no buildings on blocks thus designated; (c), the street is not opened through the block, or is interrupted in its course at that point by a public square, cemetery, etc.; (e), end of street.

The following-named localities referred to in the Street Directory are situated as follows: Academy Tract, northwest side of Mission Road, between Silver and Ocean Avenues; Bernal Heights, west of Twenty-sixth Street, between San Bruno Avenue and Mission Street; City Land Association Tract, northwest of Old San Jose Road, near County Line; Clarendon Heights, north of Twentieth Street, between Lincoln Avenue and San Miguel Rancho; College Homestead, east of County Road and north of Silver Avenue; Excelsior Homestead, southeast of Mission Road, near County Line; Fair Tract, south of Cortland Avenue and east of Mission; Fairmount Tract, south of Thirtieth Street and east of Mission Street; Flint Tract, west of Castro Street, between Waller and Seventeenth; Heyman Tract, west of Douglass, between Twenty-second and Elizabeth Streets; Islais Creek, from west side of San Bruno Avenue, near Silver Avenue, north and east to the bay; Laguna de la Merced, near the County Line and ocean, 6½ miles southwest of City Hall; Lake View, west of Old San Jose Road, from Ocean Avenue south to Railroad Homestead; Mission and Thirtieth Streets' Extension Homestead, near intersection of Old San Jose Road and Castro Street; Paul Tract, between San Bruno and Railroad Avenues, near County Line; Presidio Reservation, west of Lyon, and north of Lake Street to the bay and ocean; Railroad Homestead, northwest of Old San Jose Road, near County Line; Richmond District, west of First Avenue and north of Golden Gate Park to the Presidio Reservation and ocean; San Miguel, near the junction of Old San Jose Road and Ocean Avenue; Silver Terrace Tract, between San Bruno and Railroad Avenues, south of Silver Avenue; South San Francisco, south of Islais Creek and east of San Bruno Avenue to the County Line and the bay; Spring Valley Homestead, west of Mission Road, near Silver Avenue; Stanford Heights Tract, west of Bellevue Street, from Twenty-fifth south to Thirty-first Street; Sunny Dale Tract, west of San Bruno Avenue, near the County Line; Sunny Side, west of Old San Jose Road, between San Miguel Rancho and Ocean Avenue; Sutro Heights, south of Point Lobos Avenue, between Forty-eighth Avenue and the ocean; University Homestead, west of San Bruno Avenue, between Silver Avenue and Visitacion Valley; Visitacion Valley, between San Bruno Avenue and Mission Road, near County Line; West End Homestead, north and south side of County Line, near Mission Road; West End Tract, between Old San Jose and Mission Roads near County Line.

ABBREVIATIONS.—N, north; E, east; S, south; W, west; Av, avenue; bet, between; nr, near; s, side.

☞The neglect of the city authorities for years past to supervise and regulate the numbering of buildings has led to such confusion of numbers on many streets as to make it difficult at times to find the house sought for, even with the aid of a street directory. In addition to this, the changes in the names of numerous streets in accordance with a recent order of the Board of Supervisors has increased the confusion heretofore prevailing, and necessitated the renumbering of several streets throughout their entire length. Up to the present time a few numbers have here and there been changed, but on a majority of the buildings the old numbers still remain. To counteract as far as possible these changes in names of streets and numbers, we have inserted the old and new names of streets and an additional column of figures to designate both old and new numbers.
